

Responses to the October 2015 Floods in South Carolina

Please tell us what you went through. What did you do to prepare for the floods? What did you do during the floods? How have you been recovering?

OUR MISSION

- Focused on coping strategies, resilience, and learning in the aftermath of the October 2015 South Carolina floods
- Explored both individual's experiences and shared experiences of household members
- These data will help tease out the links between:
 - ✧ flood event exposure
 - ✧ cognitive processes related to the event (e.g., memory, stress)
 - ✧ risk perceptions
 - ✧ behavior change
 - ✧ policy preferences for flood recovery processes
